Business  
Development  
Specialist

Are you thinking about starting a small business? Do you have an existing business and would like to grow? Do you have an idea in mind but are not sure how to develop it? Are you aware of the resources available?

Get off to a great start by learning the critical steps involved in establishing and growing a small business in Missouri, the free services available through the University of Missouri Extension-SBTDC for business development and have the opportunity to network with fellow entrepreneurs.

## Course Objectives

- ◆ Learn the essentials of business ownership and identify resources and services available to assist you.
- ◆ Assess your strengths and weaknesses and identify areas for growth for further counseling with the Center's business specialist.
- ◆ Find out if business ownership is for you, discover new opportunities and we'll help you succeed!
